Description

DeFever 570 LR (Long Range) Single Engine with Auxiliary Propulsion

LONG DISTANCE CRUISING

The DeFever 570 LR is exclusively designed for long distance cruising. Its single 300 HP engine has outstanding fuel burning efficiency and its standard 1000 Gallon fuel tank also guarantees the needed power of thousands of nautical miles cruising. Everything is designed to make it easier for you. The hydraulic bow and stern thrusters give you a delighted cruising experience as you can easily control your boat without worrying about any miss when you depart from or arriving to the dock by controlling the boat via a single engine.

AUXILIARY PROPULSION

Auxiliary Propulsion Unit is standard equipment driven by generator which ensures the security during the cruising. If the main engine does not work, then the APU system will bring you home safely. It also runs very quietly, so imagine when you lie down and watch the shining stars in the night sky or fish at any time you want without any noise, who does not want that?

STABILITY

Its low gravity centre and stabilizer obviously improves the stability of the boat, even if in high seas in Pacific Ocean, it still performs great. We have experienced such tough cruising in that bad weather condition, everyone inside all were amazed about how solid and stable the boat is! So, we believe you will be amazed at its great performance as well.

LIGHTING SYSTEM

No matter the daytime or the night, our lighting system can be turned into different modes. It offers you an enjoyable and romantic cruising environment and atmosphere as you want while you are cruising. Besides, the black interior can reduce the reflection of strong lights effectively, to improve the safety for night cruising.

PILOT HOUSE

The pilothouse is not just a pilothouse, but also a living area. The raised headliner makes it possible to stand upright on the raised floor in front of the settee. It totally delivers a panoramic view and outstanding visibility. The new design of creating more expensively space allow you to see salon and even fly bridge while you are inside. It gives the pilothouse a new role with more open space, not as a separated cabin as it only was. Interior

Transparent Interior Space - Brighter Salon & Galley

Enlarged window helps more sunshine come inside. Now when we sit inside the salon, we still can feel the ocean.

Convertible Stateroom, Two staterooms or Three staterooms?

Comfortable living space is also a spot in this boat. In standard mode, the master stateroom has plentiful space which can accommodate a king size bed, a separate cloakroom, and an office area which let owner can process his/her job during the cruising. Besides, there is a guest stateroom in fwd cabin which let the owner can invite his/her

friend to join boating.

If more guests join the cruising, the arrangement of two staterooms can be converted into three staterooms easily. What you need to do is to slide the door between master stateroom and its office area, and the office area can turn into a bed room.

Control Panel & Dashboard

Control panel & dash board are re-designed. All of them will be light-on automatically during night cruising. We also have several lighting modes which we can choose in different environment. All design is owner usage oriental.

Lighting

Lighting is not only lighting. It provides several lighting options even in the same cabin.Exterior

Plentiful Space

All exterior space is designed for long time stay. 9' after deck let more people to stay outside. Fly bridge is equipped with BBQ, refrigerator and outdoor settee, you can invite more friends to join your party. The vertical port holes make it easy to see the ocean in staterooms. Meanwhile, that makes the staterooms brighter as well. When the sliding doors are moved aside, no blocks stop light between staterooms. In 570 LR, we even can enjoy sunshine in below deck.Extras

Custom Package

As with all our new DeFever vessels, the electronics, helm chair, dinghy and other accessories can be chosen by the new owner to personalise this stunning Trawler at its best.

Wanting More ? These are also included:
