## Description

### A WORLD WITHOUT COMPROMISE

A recurring theme in the Numarine line-up, the need to never compromise is further accentuated with the all-new 70 Flybridge.

Delivering the space and comfort normally only associated with much larger models, the 70 Flybridge is a culmination of Numarine's tireless quest for nothing but perfection.

Extensive use of intricate glazing creates a truly radical design that serves both as an aesthetic marvel whilst bathing the interior with natural light, reaffirming the exquisite sensory experience of space and a connection with your surroundings.

Designed to be agile and therefore extremely manageable without the need for a crew, owners will fully appreciate each and every detail that have been incorporated to make extended time aboard an absolute pleasure.

For entertaining friends and family, the saloon features a highly sociable configuration with a half open galley/bar, separate dining area and a luxurious lounging arrangement.

Three fully en-suite guest cabins are guaranteed to impress whilst the full beam master cabin is a sanctuary you will be proud to call home, lavishly appointed with walk in wardrobes, dressing table, sofa and walk in shower complete with twin basins.

Outside, abundant fore & aft seating and dining space will leave you and your guests spoilt for choice as to where you should spend the day relaxing. The appreciable flybridge offers further expansive seating and lounging space, complete with a wet-bar and space for sun loungers along with a crane and stowage space for your tender or jetski.
